

# NUTRIENT MANAGEMENT (CSP Enhancements)

April 2005

## Enhancement Activity Task Sheet

WV-CSPENM-TS

Client's Name:

### Worksheet 10 - Use Manure (Litter) to Improve Soil Quality

**Payment = \$1.00/Acre for use of manures or litter to supply some or all of the crop nutrient needs. Manure will be applied at least every 4 years at agronomic rates. Payment will be made for only those years manure/litter is applied.**

The producer may use livestock manure or poultry litter. Manure or litter will have an annual analysis to insure adequate nutrients are being applied. Manure spreader will be calibrated. Manure will be applied between March 15 to end of the growing season.

Use this (or similar) table to document location and non-synthetic fertilizers used.

Tract & Field #s	Acres	Crop Grown	Lbs. N-P-K supplied by Manure	Date Manure Applied

## Use of Manure/Litter Certification

I certify that I have used non-synthetic fertilizers to meet some of the nutrient needs of the crops grown on the field(s) listed in the table above.
